## Expectations During Travel

Our trips are designed for flexible, energetic people who like to be active, have a spirit of adventure and a positive attitude. We have designed this trip to be as comfortable as possible, while also aiming to visit some remote or unique sites that other companies do not attempt to include in their itineraries. There may be days where we have very long drives and the conditions of the roads may vary. Hotels and transportation in some remote areas may not be up to western standards. There may be times when no bellhops are available; please pack with the understanding that you need to be able to handle your own luggage at times. Sometimes we may be walking over uneven trails for a mile or more; hiking boots are strongly recommended. Not every meal will be haute cuisine and several lunches may be picnics or box lunches. By maintaining a flexible attitude we will soon be captivated by the beauty of the natural scenery, the hospitality of the local people, and the fascinating sites we will see. Your flexibility and patience will be appreciated.

## Air Ticketing

International round trip flights are not included in the cost of the trip. If Far Horizons must change the trip dates or cancel the trip for any reason, Far Horizons is not responsible for any air ticket you may have purchased. Please send your complete air schedule as soon as you have it. NOTE: Please contact Far Horizons if you would like for us to handle your air ticketing.

## Private Tours and Talks

The private tours of archaeological sites and talks by specialists are scheduled in advance and include a donation to each. Specialists working at these sites are excited about showing their work to interested enthusiasts. However, please be aware that there may be times when the director or a member of the staff may not be on site when our groups arrive due to other commitments.

## Walking and Standing

Far Horizons expects all participants to be physically active and able to walk and climb independently throughout the full touring days. This includes walking over uneven terrain (uphill and downhill) for 2 miles or more at each site. You should expect to be on your feet for much of each day, averaging as much as 5 miles of walking per day. **As such, each participant should be able to walk unaided at a pace of 3 miles per hour for at least an hour at a time, and to stand unsupported for at least 60 minutes.** Bearing this in mind, we suggest that, if you have not already done so, you begin walking several miles every day, ideally including stairs and hills. If you have questions about your ability to keep up with the group or the strenuous nature of this trip, please contact the Far Horizons staff.
